Issue 55

It's still cold out there—in many ways! We must admit, we're kind of in hibernation mode these days. As March (thank goodness!) creeps up, there's one sure-fire way you can get warm at home: in the tub.

Now is the time to live it up in your at-home spa and drop one of these

**Fizzy Cupcakes by Blissful Bath** into the running water and watch it explode into glorious bubbles. It's a party in your bathroom. Our favorite "flavor" is [pink champagne](#) -- a lovely blend of strawberries and champagne, which also sounds like the perfect sipper/snack, along with an actual cupcake, to accompany your me-time.

Blissful Bath is based in Woodbury and was started by Danielle Radke, as a side business to her day job as an anesthetist.

The sculpted concoctions look good enough to eat or display on a shelf as Pop Art a la Claes Oldenburg. But it's just as fun to watch them dissolve into bubbly suds and reap the benefits of soaking in sipper/snack, along with an actual cupcake, to accompany your me-time.

They're blissfully delicious!

**Fizzy Cupcake by Blissful Bath**, \$4 for a small and \$9 for a large, available at [Ampersand](#) (Galleria, Edina, 952-920-2118) and [Blissful Bath](#), 9020 Hudson Rd., Woodbury, 651-209-9977).
